

ELIZABETH VALE SCHOOL NEWSLETTER

TERM 1 WEEK 8 2021

FROM MR DAVE

SPORTS DAY 2021 Thursday Week 10 1pm finish

Due to our awareness and practicing of social distancing there will be changes compared to the way we have done things in previous years.

We thank all of our community in advance for supporting us with these changes in order to keep us all safe and ensure the students get to have a wonderful day.

Students will need to have, shoes that they can run in, recess, a drink bottle and school hat.

We encourage all students to wear clothes in their colour on the day(not compulsory). Please note that students will not be able to apply coloured zinc and hairspray at school, if you choose to do these things please do so at home.

DIARY DATES

Friday 26th March—Assembly

Thursday 1st April—Sports Day, early dismissal at 1.00pm

Friday 2nd April—Good Friday

Monday 5th April—Easter Monday

Friday 9th April—Last day of Term 1, early dismissal at 2.00pm

Tuesday 27th April-First day of Term 2

LEARNING IN ROOM 8.9.10

This term we have been learning about the effects of sugar on our body!

Sugary drinks and our teeth experiment

We conducted an experiment to replicate what happens to our teeth if we have too many sugary drinks! We were all very shocked with the results!

I have learnt that you should only have sugar in moderation, too much sugar is bad for you and can cause heart disease, diabetes and cavities. - **Van Dawt Chin**

Glucose turns into energy, if you don't use all this energy it will turn into fat. - **Lily**

Too much sugar can cause holes in your teeth, these holes are called cavities. - **Zade**

We have learnt about artificial and natural sugar. Artificial sugar is human made. It is made from sugar cane or sugar beets. Natural sugar is naturally formed. - **Alisha**

When you eat food containing glucose and fructose it goes through the body to the liver, the liver sends the glucose all around the body and the fructose stays in the liver. If the energy the glucose gives you is not used it turns into fat. This fat can block your arteries and cause stress on the heart. - **Nathanial**

Results

Brock - I learnt that the apple and blackcurrant juice had the most sugar and too much is bad for our teeth. The egg changed colour and had lots of cracks!

Sabin - I learnt that drinking too many sugary drinks can make your teeth soft and easier for germs to eat them and create cavities! Cavities mean holes in your teeth!

Jace - It is important to brush your teeth because if we don't we can get cracks in them like the eggs!

NAPLAN TESTING FOR YEAR 3, 5 AND 7 STUDENTS

The National Assessment Program – Literacy and Numeracy (NAPLAN) will be done online this year for students in year 3, 5 and 7 at our school from Tuesday 11th May. Students in year 3 will complete their writing assessment on paper and the remainder of their tests online.

As a first step, a privacy notice is attached advising parents and carers about how student details will be uploaded onto the online NAPLAN Assessment Platform. Further information about the privacy policy are provided in the notice.

NAPLAN is just one snapshot of students' learning for parents/carers and teachers. Along with other teacher assessments, it contributes to school improvement processes by monitoring students' progress over time along with areas of strength and development.

If you have any questions or concerns in regards to NAPLAN Online, please talk to your child's teacher or a member of leadership. (Andreena Waugh and Mel Rose)

Please find enclosed document re NAPLAN
